2/19/77

Dear Karen,

Your 2/16 just in time. Our mail has gone and I have to go to the bus station to pick a student up so I can get this brief note off.

Thanks for the clips. Only one a dupe and there is a separate file in which it is appropriate.

I must have confused two different Lane broadcasts and in fact I did think he had done Cigna's show twice.

But the same need exists for what you have found on the tape you have, for Jim to have a dub of the entire tape and to conserve his time immediately, exactly those portions you note,"about having turned over new evidence to the black caucus which was instrumental in having the committee empowered. He also brielf mentioned the 'get King' tactics."

Jim's address is 1231 4 St., SW, Wash 20024.

You and the cartoon are noth great. Many thanks. See you soon?
